

NDHC COVID-19 UPDATE

We are happy to announce that NDHC will continue to have outside visitation. As done previously, screening of visitors will take place at the hospital. Visitors will then need to walk or drive around to the south end of the building, to the activities patio area. You will be directed from there to the location of your visit. You must remain masked at all times and maintain a 6' distance from your loved one. We ask that visits be no longer than 45 minutes in order to accommodate for others, as there is limited locations and times slots for the outdoor visits. Please call 701-587-6431 to schedule a visit. We ask that visits be scheduled 24 hrs in advance and please remember that visit dates and times are subject to change. Our COVID-19 test results are back from our August 9th testing date. The samples detected COVID in one resident and in one active staff. We continue to follow the recommended guidelines of care that have been put forth by the North Dakota Department of Health, they are in contact with us on a daily basis. Our next round of testing for residents and staff will be on August 17th.

During clinic hours, call 701-587-6900.

The 24-hour phone number is 701-587-6060.
